

Council Meeting
February 24, 2021
Page 54

The Claremont City Council held a meeting on Wednesday, February 24, 2021, in the Council Chambers of City Hall and via Zoom.

The meeting was called to order by Mayor Lovett at 6:30 p.m.

Mayor Lovett read the following statement: *This meeting is being conducted in accordance with the provisions of the Governor's Executive Order no. 2020-04 and the emergency meeting provisions of RSA 91-A to permit participation of board members by electronic means. Under the conditions of the current COVID-19 pandemic and the protocols established by the Centers for Disease Control (CDC), it is not reasonably practical for a quorum of this board's members to attend this meeting in person.*

To join the webinar:

Webinar ID: 815 2945 7408

Passcode: 739587

If there is a problem getting through to that number, please call 603-542-7002.

Members of the Council present, including location and who was in the room:

Ward I Councilor Andrew O'Hearne – came in late and didn't say where he was or with whom

At-Large Councilor Dale Girard – home, alone

At-Large Councilor Erica Sweetser – Council Chambers, alone

Assistant Mayor Allen Damren – home, alone

Mayor Charlene Lovett – home, alone

At-Large Councilor Debora Matteau – home, alone

At-Large Councilor Nicholas Koloski – office, alone

Ward II Councilor James Contois – home, alone

Absent:

Ward III Councilor Jonathan Stone

Also present:

Edward Morris, City Manager

Mary Walter, Finance Director

AGENDA CHANGES

Mayor Lovett said Councilor Stone was okay with pulling Donation Policy Discussion from the agenda. The Policy Committee has not been able to meet to discuss this. The Policy Committee has changed its meeting schedule to the first and third Tuesday of the month.

REPORT OF THE SECRETARY

A motion was made by Councilor Matteau and seconded by Assistant Mayor Damren to accept the minutes of the January 13, 2021, City Council meeting.

Because Councilor O’Hearne had questions about these minutes, and he was not present at the time this came up, **Councilor Matteau withdrew her motion and Assistant Mayor Damren withdrew his second.**

MAYOR’S NOTES

Mayor Lovett said she has been invited to a listening session with Secretary Yellen tomorrow 10 a.m. – 11 a.m.

CITY MANAGER’S REPORT

- **COVID Reimbursement Update** – Currently, the City has received the total allotment for GOFERR of \$313,638. The first FEMA submission was awarded in the amount of \$58,092.05, and the City has submitted its second FEMA submission in the amount of \$50,179.07. FEMA will now cover 100%, instead of the 75% allowed at the time of the first submission, so the City will resubmit for the 25% not reimbursed through the first submission.
- **Stained Glass Windows** – Some of the stained glass windows in the Claremont Opera House were removed this last week and plywood was placed to seal the openings, while the stained glass repair is being completed.
- **Parks and Recreation** – This year the Parks and Recreation Department hosted a Daddy Daughter Date Night event that provided a COVID-friendly substitution for the annual Father Daughter Dance. He thanked Mascoma Bank, Tremont House of Pizza, Hannaford’s, Ramunto’s Brick Oven Pizza, and Empty Nest Connections, who helped sponsor the event.

The Parks and Recreation Department, with the help of Claremont Cycle Depot and support from Arrowhead Recreation Area, has started grooming the trails at Moody Park for snowshoeing, cross-country skiing, and winter fat tire biking.

- **Peterson Mill Project Update** – Chinburg Properties is continuing with its project to create 83 market rate apartments. Construction is expected to start in April.

- **Sidewalk Snow Removal** – Public Works has made a concerted effort to not only clear the sidewalks downtown and around the schools, but have included the sidewalks in the residential areas as well. This takes more time and effort, but we have heard this effort is appreciated by the citizens.

He cautioned everyone to be aware of the freeze/thaw cycles and Public Works is working to keep the sidewalks as safe as possible.

The City has received its new fire tanker/pumper and it is going through its final processes.

The City has also received a new Ford F-350 for Public Works. It is red instead of lime green, which costs less and we can get it into service in less time. The lime green truck camouflages workers in their lime green t-shirts when they are working beside the truck. The City's been told we'll get a better trade-in with a red truck rather than a lime green one.

- **COVID-19 Update** – At the time this report was written, active COVID-19 cases throughout the State of New Hampshire and here in Claremont continue to decline to 39 cases. The infection rate in Sullivan County also continues to drop; current rate is .64.

This morning there were 35 cases in Claremont and the infection rate is .65.

Vaccinations:

Claremont Firefighters that are trained to the Advanced EMT level or higher continue to assist at the vaccination site.

The Fire Department is working with Sullivan County Regional Public Health Network to create a mobile vaccination unit that has been taking vaccinations to the Bourdon Center, Marion Philips Apartments, and the Claremont Soup Kitchen.

Fire Chief Bryan Burr gave a brief update. They are working with the NH Public Health Network for other fixed site locations. Today, six firefighters were at that location vaccinating people. Mr. Morris said that the state has asked for a police officer to be at the site for security.

At 6:53 p.m., Councilor O'Hearne joined the meeting.

REPORT OF THE SECRETARY

Councilor O'Hearne said he sent an email to Mayor Lovett, Ms. Russell and Mr. Morris, with a video attached, saying that he wanted the conversation between him and the City Manager, the two discussions, word-for-word put into the January 13 minutes. He was told that there was

nothing in the email. He said that the Mayor was cc'd on the email and could probably validate what he asked for.

Ms. Russell said the email that she received didn't have any instructions or a request, it was just the video that was included, so that is why the request went back Councilor O'Hearne to find out what this was about. Mayor Lovett confirmed there was no specific instructions in the email. Mr. Morris said the one he has, has no writing in it.

A motion was made by Councilor O'Hearne and seconded by Councilor Matteau to accept the minutes of the January 13, 2021, City Council meeting with a word-for-word transcript of the two-and-a-half minute video of a portion of the 1/13/2021 Council meeting that he had emailed to the Council Clerk on 2/23/2021.

Roll call vote:

O'Hearne - yes

Girard - yes

Sweetser – abstain (left halfway through that meeting)

Damren - yes

Matteau - yes

Koloski - yes

Contois - yes

Lovett - yes

Motion carried 7-0, 1 abstain.

A motion was made by Councilor Matteau and seconded by Assistant Mayor Damren to accept the minutes of the January 27, 2021, City Council meeting, as amended.

Mayor Lovett said on page 8 regarding the Capital Improvements Plan, 2nd 3rd & 4th paragraphs state that Councilors brought up..., but she had brought it up on each of those. On page 9 at the very bottom, "Mr. Morris recommended that the Council..." She said it should be, "Mr. Morris recommended that the Council determine the dollar amounts..."

Roll call vote:

O'Hearne - yes

Girard - yes

Sweetser - yes

Damren - yes

Matteau - yes

Koloski - yes

Contois - yes

Lovett - yes

Motion carried 8-0.

CITIZEN'S FORUM

Rebecca MacKenzie, Ward 2, said regarding HB315, electric aggregation, that there was a hearing this week and the decision regarding accepting amendments was deferred for a couple weeks. Based on the hearing, it appears those involved with making it a community centered program will be invited into the discussion of creating another possible passage of the bill. She said at this point, electric aggregation would not be viable for our community. She invited members of the community to join the Electric Aggregation Committee.

OLD BUSINESS

Legislative Update

Mayor Lovett gave an update.

- HB154 Committee voted ought to pass.
- Revenue shortfalls, HB274, House voted & it failed.
- SB99 rooms & meals tax revenue, requested people contact their Senator.
- Education bills SB135 & SB145, both recommend the funding formula use pre-COVID #s.
- HB459, reach out to Reps in opposition to this bill. It has to do with transportation monies. It is complex & she recommended Council look at the bulletin. Committee recommended to kill it.

i. Tiny Home Discussion (HB588)

HB588 relative to building codes for tiny houses.

Mayor Lovett said if the community accepts this, Claremont would be mandated to allow tiny homes in all zoning districts. The recommendation is for communities to amend their own zoning ordinances. Based on information from Mr. Morris and what she heard from NHMA, she doesn't think this is bill the City would want to support.

After some discussion, it was the consensus that the Council does not support this bill.

ii. Redistricting (CACR 4, HB121, SB80)

CACR4 redistricting. Providing that an independent redistricting commission shall be established to draw boundaries for state and federal offices.

HB121 establishing an independent redistricting commission.

SB80 establishing an independent advisory commission on redistricting.

Mayor Lovett said SB80 was killed February 12. CACR4 & HB121 Committee recommendation is Inexpedient to Legislate.

Councilor Contois said the City of Lebanon and Town of Durham had passed legislation on this. His recommendation is to pursue a resolution.

Councilor Koloski was displeased that a Councilor's opinion was published in the Council packet, saying that he had never seen that before. Councilors O'Hearne and Sweetser agreed with Councilor Koloski.

After discussion, there was consensus that the Council does not want to pursue the topic of redistricting at this time.

Donation Policy Discussion

Withdrawn.

Council Goals Discussion

Mayor Lovett compiled the following list based on Councilor responses:

1. Housing
 - a. Safe, with a focus on lead hazard mitigation
 - b. Quality
 - c. Proactively address blight, focusing on specific neighborhoods/corridors
2. Economic Development
 - a. Focus on the downtown and business parks
 - b. Identify best use of city-owned land
 - c. Strategic spending to draw productive businesses/citizens, focusing on the arts and recreation sectors
 - d. Innovation in the environment/energy sectors, drawing new businesses in these growing industries
 - e. Creation of TIF Districts, particularly for Charlestown Road
3. Infrastructure
 - a. Roads
 - b. Extending water and sewer
 - c. Addressing drainage issues along Charlestown Road
 - d. Broadband (?)
 - e. Sidewalks (?)
4. Tax Rate Stabilization
 - a. Decrease operational costs through increased efficiencies, focusing on energy efficiency/production
 - b. Advocate for our fair share in state funding
 - c. Increase Tax Base (?)
 - d. Recapture lost valuation (?)

Council Meeting
February 24, 2021
Page 60

Note: Those items with a question mark identify subcategories that have been previously discussed by either this Council or previous Councils. I included them as they support priority areas outlined above.

Mayor Lovett said Infrastructure and Tax Rate Stabilization had the same level of interest.

Assistant Mayor Damren said when he listed infrastructure, it was meant to be as broad as possible. Sidewalks were meant to go with roads. He is not fully vested one way or the other in broadband.

Mayor Lovett said regarding broadband that she hears a lot that people either don't have access or have poor quality access.

Councilor Girard agreed with broadband and he agreed with roads.

Mayor Lovett said to include under infrastructure, broadband and sidewalks.

Councilor O'Hearne said regarding fair share in state funding, that the retirement system was shot down today. Mayor Lovett said the City just needs to continue to advocate for revenue from the state. Councilor O'Hearne said the bill for the 5% was killed today.

Councilor Matteau agreed to increasing the tax base. She would like to see a report of the TIFD (Tax Incremental Finance District). She was in favor of advocating for fair share in state funding and encouraging the state to find other ways to raise revenues. Mayor Lovett said to advocate for our fair share in state funding/new revenue streams.

Councilor Koloski said regarding 2e. Creation of TIF Districts, particularly for Charlestown Road, that he doesn't feel comfortable with this listed in the goals. He said he's the person who brought it up and he would be comfortable taking it out of goals.

Councilor Matteau regarding the Housing section, she would like to add that the City needs to address the available housing stock. Right now, there is zero housing stock available in Claremont. The City needs to figure out how to create housing for people who want to come here. She said the Master Plan, page 11-28, addresses goals of housing quite well.

Mayor Lovett will add 1d. Increase available housing stock

Mayor Lovett said with these modifications, Council will use these as the primary areas, will come back next time with more focused things to do that are reflective of the Master Plan, and then go from there with action items.

Mayor Lovett said regarding economic development, change 2e, to Utilizing available development incentives. Councilors agreed.

Ordinance 582 Amend Merit Plan – First Reading

The purpose of this proposed change is update and conform revisions to the Merit Plan with Part II, Chapter 2, Article V, Merit System, of the Claremont City Code in order to eliminate inconsistencies between the Code provisions and the Merit Plan.

Enactment of this Ordinance will: 1) conform the Code with the Merit Plan by removing inconsistencies between the two enactments; and 2) update the Code by revising provisions to comply with the Fair Labor Standards Act (FLSA) with regards to employee classification.

This change was requested by the City Manager.

Mr. Morris said the Personnel Advisory Board reviewed this and made one small change to the Merit Plan. Most of the ordinance is housekeeping. Some items were approved by the Council in the past, but the ordinance was not updated. Some positions are being removed from Section 3 Exempt Service. Many of these positions have been vacant a long time and there are no future plans to fill them; a few, per FLSA, are non-exempt positions and they are paid hourly, so the City is asking that the ordinance reflect those changes.

There was discussion about the wording in the ordinance and the Merit Plan and that it was confusing.

A motion was made by Councilor O’Hearne and seconded by Councilor Matteau to table this to the next meeting as more time is needed to discuss.

Roll call vote:

O’Hearne - yes

Girard - yes

Sweetser - yes

Damren - yes

Matteau - yes

Koloski - yes

Contois - yes

Lovett - yes

Motion carried 8-0.

Funds Transfer (Merit Plan)

Mr. Morris said this goes along with what was approved at the last Council meeting.

A motion was made by Assistant Mayor Damren and seconded by Councilor O’Hearne that the Claremont City Council, pursuant to Article III, Section 45 of the Claremont City Charter, hereby authorizes the City Manager or his designees to transfer the following sums of money between departments, such funds having been raised and appropriated in the 2021 City budget.

Transfer Funds From:		Transfer Funds To:	
Acct #	Amount	Acct #	Amount
01-417-630-0096	\$ 8,015.01	01-414-101-0000	\$ 451.43
		01-421-101-0000	\$ 2,557.75
		01-450-101-0000	\$ 2,089.91
		01-482-103-0000	\$ 2,915.92
	\$ 8,015.01		\$ 8,015.01

Roll call vote:

O'Hearne - yes

Girard - yes

Sweetser - yes

Damren - yes

Matteau - yes

Koloski - yes

Contois - no

Lovett - yes

Motion carried 7-1.

NEW BUSINESS

Order for Abatement Costs Pursuant to RSA 147:7-b – 302 Plains Road

Nancy Merrill, Planning and Development Director, said there were issues at this property which required immediate attention. The city paid quite a bit of money to abate the problem. This is a request to allow the City to start the abatement process and place a lien on the property for the City's costs. The City has been working with legal counsel on this. This action starts the process of notification. This could come back to Council in April. Councilor O'Hearne would

like more documentation to come to the Council. Ms. Merrill confirmed that he would like, if there is another action like this, to provide to the Council all of the written documentation with the property owner as part of the package that comes to the Council. Councilor O'Hearne thinks that as a Councilor he should be informed a little bit more than just being presented with a half page document with no supporting documents. Councilor Koloski said without legal counsel available to discuss this with, he would be very careful about what documents Council is sent. He's comfortable and trusts City Staff to do its due diligence. He has not seen, in the past, the requested documents come to the Council. Councilor O'Hearne disagreed with Councilor Koloski.

Mayor Lovett asked, in the future, to include what the City has done and the response from the property owner, as allowed by legal counsel.

A motion was made by Councilor Matteau and seconded by Assistant Mayor Damren to authorize the City Manager or his designee to execute and perform all actions as may be required on behalf of the City of Claremont to issue an Order for Abatement Costs to the record owner of 302 Plains Road pursuant to NH RSA 147:7-b to recover the City's expenses incurred in the extermination of a rat infestation at 302 Plains Road, which constituted a public health hazard.

Roll call vote:

O'Hearne - no

Girard - yes

Sweetser - yes

Damren - yes

Matteau - yes

Koloski - yes

Contois - yes

Lovett - yes

Motion carried 7-1.

Apply for Grant Funds from the N.H. Department of Transportation - Transportation Alternative Program (TAP)

The City would like to continue resurfacing upgrades to the rail trail of an additional 2200 linear feet, beginning on Chestnut Street and ending at Washington Street. This application will also create connections for pedestrians and bicycles through the Monadnock Park recreation area of approximately 1850 linear feet from Chestnut Street up to Broad Street, and provide for two bump outs and RRFB's (rectangular rapid flashing beacon) for the crossing on Broad Street at Stevens High School. Finally, the project will replace bituminous and concrete sidewalk on the west side of Broad Street to the Rail Trail, from Stevens High School and add bike lanes.

The City will be requesting 80% federal TAP funds in an estimated amount of \$760,000.

This project is an eligible activity to provide infrastructure improvements to serve pedestrians, bicyclists, and other users of non-motorized forms. It will enhance safety for people of all ages accessing the park and Rail Trail as well as residents at Marion Phillips Home, surrounding neighborhoods, and students walking/crossing on Broad Street.

Ms. Merrill said the estimate in the memo to the Council is very rough and could change. This is a request for authorization to apply for the grant. This would come back to the Council, if approved.

Councilors asked about in-kind match; Ms. Merrill said it is something that would be looked into.

Councilor Girard asked if the grant is approved, is the money in the budget. Ms. Merrill said it would have to be procured. The grant deadline is March 17th. She thinks the money could be built into next year's budget.

There was a discussion about sidewalks and the need to update the City Code appendix pertaining to them and that it should be a future agenda item.

A motion was made by Assistant Mayor Damren and seconded by Councilor Matteau to authorize the City Manager or his designee to execute and perform all actions as may be required on behalf of the City of Claremont to apply for a Transportation Alternative Program grant from the N.H. Department of Transportation, said funds to be used for Broad Street sidewalk and crosswalk improvements, new pedestrian/bike access at Monadnock Park and surface improvements to the rail trail from Chestnut Street to the bridge on Washington Street.

Roll call vote:

O'Hearne - yes

Girard - yes

Sweetser - yes

Damren - yes

Matteau - yes

Koloski - yes

Contois - yes

Lovett - yes

Motion carried 8-0.

Resolution 2021-22 Airport Fuel Credit Card Reader – Public Hearing

WHEREAS, the Airport's current aviation fuel system 24/7 credit card reader is nearly fifteen years old; and

WHEREAS, it is no longer backed up by tech support or has parts available for repair; and

WHEREAS, the Airport requests to replace the current credit card reader with a web based, internet-connected aviation credit card reader system.

NOW THEREFORE BE IT RESOLVED to raise and appropriate the sum of up to \$25,000; to be taken from the Airport Reserve Fund with no impact on the tax rate and;

BE IT FURTHER RESOLVED that the City Manager, or his designees, are hereby authorized to undertake all actions and execute all documents as may be required to implement this resolution. *(2/3 vote required)*

Fire Chief Bryan Burr said this is to replace the current credit card reader at the airport. His memo to the Council said it should be \$20,000, but the resolution states it is up to \$25,000. Chief Burr said the amount in the resolution should be up to \$20,000.

When asked about having a credit card reader that can be used with cell phones, Chief Burr said this is the most current reader available. To his knowledge, this is the only company in the northeast that supplies this type of equipment. Credit card fees are part of the fuel mark-up. Chief Burr said the equipment is weather resistant. It's in a three-sided building that encloses the reader and the pump.

A motion was made by Assistant Mayor Damren and seconded by Councilor Matteau to adopt Resolution 2021-22 Airport Fuel Credit Card Reader.

Assistant Mayor Damren read the resolution into the record.

Mayor Lovett opened the public hearing. No one spoke. She closed it.

Roll call vote:

O'Hearne - yes

Girard - yes

Sweetser - yes

Damren - yes

Matteau - yes

Koloski - yes

Contois - yes

Lovett - yes

Motion carried 8-0.

Content of Departmental Reports

Mayor Lovett asked Councilors if they are happy with the content of the Department Reports.

Councilor Koloski:

- Happy with content of what is received
- Likes that Council doesn't dictate the structure

- Likes that the Director determines the format of the information
- Finds value in the number of meetings attended
- Doesn't want to see change.

Councilor Sweetser:

- Likes the idea of having public health reports

Mr. Morris said he would need to know what the Council wants reported on.

Councilor Contois:

- Police Chief's report has a lot of drug data for state, takes lot of space, doesn't know if the Council finds state drug data useful

Councilor Koloski:

- That would be one thing he would change. The numbers don't change drastically month-to-month.

Mayor Lovett:

- Thinks the information is available online and that there is a lot of labor that goes into this for not a lot of return

Councilor O'Hearne:

- Agreed. Doesn't like fillers in the packet.

Councilor Girard:

- Asked for the web link for the information instead of putting it in the packet

Mayor Lovett:

- Regarding public health, would like to see the progress made year-to-year in the number of children poisoned by lead in the community

Council Budget Priorities

Based on comments in earlier Council meetings, Mayor Lovett offered the following questions as a starting point for discussion:

1. Should the proposed budget be level funded?
2. Should there be a change to the current municipal tax rate?
3. How much should be allocated for roads? Note: In the past, the target was \$750K; however, rarely attained.
4. Does the Economic and Development Department have enough personnel to address the housing/blight issues?
5. Where should funds be allocated to incentivize economic development?
6. Should more funds be allocated for sidewalks?

7. What compensations issues, if any, should be addressed in the proposed budget.
8. Do departments have the right resources to successfully pursue grant funding?

Mayor Lovett said it would be good to give the City Manager some direction on what the Council's priorities are. The questions listed are what she recalled from the past.

Councilor Koloski:

- Budget should level funded
- #8 –
 - Thinks department directors do an excellent job bringing in grants.
 - City needs someone to write grants, maybe a contracted position. Believes it will pay for itself.

Mayor Lovett agreed about the grant writer.

Councilor O'Hearne:

- Referenced the 2.5% raise, unknown state shortfalls, and possible layoffs and that it is the City Manager's job to foresee this and potentially not have this. He said if we have layoffs on the lower end, he has no qualms about having layoffs on the top end going down.

Councilor Girard:

- Municipal tax rate not increase
- Need to get to the \$750,000 for roads. Need to focus on infrastructure.

Councilor Matteau:

- Level fund or reduce tax rate. Her big issue is that we need to know with certainty, what the school budget looks like, what the state revenue and county budget looks like.
- Number one concern out of this budget is funding for roads and funding for blight reduction.
- Grant writer would pay for itself

Mr. Morris asked for clarification of level funding tax rate. If you straight level fund the budget, you are decreasing services as costs go up. Assistant Mayor Damren said his opinion is to level fund the tax rate. Councilor O'Hearne said level fund is the same tax rate.

Mayor Lovett:

- Asked if the Economic Development Department has enough personnel to address housing blight issues. She wants to make sure that department is properly resourced to achieve those goals.

FUTURE AGENDA ITEMS AND DIRECTIVES

Councilor Matteau asked about the Tax Increment Finance District Advisory Board regarding the budget. Mr. Morris said he believes they met last year. He can check regarding their process.

Councilor Girard said there are no minutes from last April's meeting and the website shows the board as being empty. Assistant Mayor Damren suggested contacting deForest Bearse, Resource Coordinator; he said when he was on the board, it was quite active.

Councilor O'Hearne questioned the practice of the Executive Assistant sending Personnel Advisory Board (PAB) minutes to PAB members for approval instead of having them approved at the next meeting. He said the same thing was done for the Finance Committee so the minutes could be posted. His concern is there is no transparency. Mr. Morris said the board is not approving them, but the draft minutes are being sent to the board members and they write back if they have any concerns, and then we are publicizing final minutes. We do that with the PAB because they normally meet infrequently. It is prudent to do something to get those minutes released to the website. It is up to the Council to determine how it would like it done in the future. Councilor O'Hearne disagreed saying the board should meet to approve the minutes. Councilor Matteau said RSA 91-A requires minutes to be available within 5 business days after the meeting. This item is on the next Council meeting agenda.

Councilor Girard said what came up at the PAB was that the salary scale for the Call Firefighters uses the minimum wage, so there's no room for growth. He would like that looked at.

Councilor Koloski would like an overall update on boards & committees; there are a lot of open slots. Recently, there have been issues about attendance, and minutes.

Councilor O'Hearne was concerned about some boards having a lack of understanding of public notice requirements and that it is up to the Council to make sure the boards get the information about what they are supposed to do.

Mayor Lovett said two items on the next agenda are RSA 91-A, and Selection Process for Boards, Committees and Commissions.

Councilor Matteau said she mentioned training for land use boards in the past and she thinks the training needs to be ongoing.

Councilor Koloski asked when Council will discuss going back into a regular meeting environment. Mayor Lovett said that can be placed on the second meeting in March.

Mayor Lovett would like to revisit the City's bell in the church next to the Fire Station (i.e., preservation).

Councilor O'Hearne said he has gotten the feeling over the last couple meetings that the Council is being handled. He said he doesn't like to be pushed off due to time. Mayor Lovett said she tries to keep to the agenda. This part of the agenda is for Future Agenda Items and Directives. Discussions should be saved for future meetings.

Councilor Koloski asked to have a discussion about cultural resources in our community. He said markers in City Hall have names missing; there is a compressor in City Hall; he's concerned

about the lack of fire protection at the Historic Society. Mayor Lovett confirmed the item would be for cultural resources and their preservation. Councilor Koloski said he will bring forward information establishing a committee.

Councilor O'Hearne asked who decides timeframes on the agenda. Mayor Lovett said she and the City Manager develop the agenda and put in times in order to be respectful of everyone's time. She said that part of being Mayor is running the meeting.

CONSULTATION WITH LEGAL COUNSEL

None

NON-PUBLIC SESSION PURSUANT TO RSA 91-A:3,II(a) – PERSONNEL

A motion was made by Assistant Mayor Damren and seconded by Ms. Matteau to enter the Non-Public Session pursuant to RSA 91-A:3,II(a) – Personnel and to invite Mr. Morris into the session.

Roll call vote:

O'Hearne - yes

Girard - yes

Sweetser - yes

Damren - yes

Matteau - yes

Koloski - yes

Contois - yes

Lovett - yes

Motion carried 8-0.

Entered nonpublic session at 9:36 p.m.

A motion was made by Councilor O'Hearne and seconded by Councilor Matteau to exit the Non-Public Session.

Roll call vote:

O'Hearne - yes

Girard - yes

Sweetser - yes

Damren - yes

Matteau - yes

Koloski - yes

Contois - yes

Lovett - yes

Motion carried 8-0.

Public session reconvened at 10:48 p.m.

A motion was made by Councilor O’Hearne and seconded by Councilor Matteau to seal these minutes, because it is determined that divulgence of this information likely would affect adversely the reputation of any person other than a member of this board.

Roll call vote:

O’Hearne - yes

Girard - yes

Sweetser - yes

Damren - yes

Matteau - yes

Koloski - yes

Contois - yes

Lovett - yes

Motion carried 8-0.

ADJOURNMENT

At 10:51 p.m., a motion was made by Councilor O’Hearne and seconded by Councilor Matteau to adjourn.

Roll call vote:

O’Hearne - yes

Girard - yes

Sweetser - yes

Damren - yes

Matteau - yes

Koloski - yes

Contois - yes

Lovett - yes

Motion carried 8-0.

Respectfully Submitted,

Dorée M. Russell
Clerk to the Council
